

THE FW INSIDER

SICK OR LIVE WITH SOMEONE WHO IS SICK? STAY HOME

Prior to coming to work each day, all employees must assess their own wellness by:

- Taking their temperature and staying home or leaving campus if a fever of 100.4 or higher is identified
- Wearing a face covering except when alone in a classroom or office, or working alone outdoors
- Washing hands regularly with soap and water for 20 seconds or when unavailable, using hand sanitizer with at least 60% alcohol content
- Practicing physical distancing of 6 feet to the extent possible

Employees MUST stay home and call their principal or director if they have symptoms of fever, shortness of breath, cough, vomiting, new loss of taste or smell, muscle aches, diarrhea, headache, fatigue, sore throat, congestion or runny nose. Employees who live in the same home with someone who has symptoms or is confirmed COVID-19 positive MUST stay home and call their principal or director for further guidance. Let's work together to keep Flowing Wells healthy!

HAVE YOU READ THE FW COVID-19 HANDBOOK?

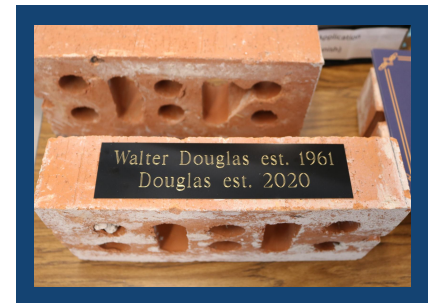

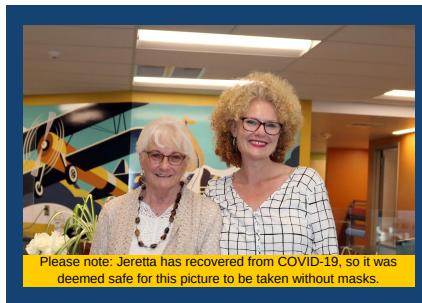

All current Flowing Wells COVID-19 mitigation planning, information, protocols, and guidelines have been summarized in a handbook available on the District website. The handbook is also a required course in Public School Works. Please take time to review the information and speak to your principal or director if you have questions.

PUBLIC SCHOOL WORKS DUE SEPTEMBER 30

Reminder: Public School Works courses must be completed by Wednesday, Sept. 30th. Each employee received a link last week in District email. Certified staff may complete the courses any time. Support staff must complete the courses during work hours. Call Danielle Rubio at 696-8822 if you have trouble accessing the courses.

WALTER DOUGLAS BECOMES DOUGLAS

Have you noticed anything different about the marquee in front of Douglas Elementary? Walter Douglas has become Douglas Elementary School, and Jeretta Douglas is the reason for the change in the name! Walter Douglas served on the FW School Board for 41 years. After he retired, Jeretta joined the Board and served for 30 years, so a Douglas has served on the Board for a total of 71 years! The name was changed to honor both Walter and Jeretta's service to our district. The renaming of the school was a surprise for Jeretta, who feels extremely honored and cried upon hearing the news. You will continue to see the "WD" in places around campus in honor of Walter but Douglas will now also start to add special touches that honor Jeretta as well.

FLOWING WELLS WILL MISS THE "NOTORIOUS CMK"

Christine Mullahy Koenig, who taught math and algebra at Flowing Wells Junior High for 15 years, recently passed away after an extended and brave battle with cancer. Every morning, regardless of how she was feeling, Christine would open classroom doors and greet her colleagues by saying, "It's another beautiful day at Flowing Wells Junior High!" In 2016, Christine was selected as the Teacher of the Year at FWJH. From that moment on, she would forever be known as the "Notorious CMK." Christine was an exceptional teacher who's positive impact in the lives of her students and colleagues is impossible to measure. Despite facing a devastating illness, Christine never complained, and taught every day as though she felt fine. Christine is and will always be a "Mustang for Life" and beyond, and she will be missed dearly.

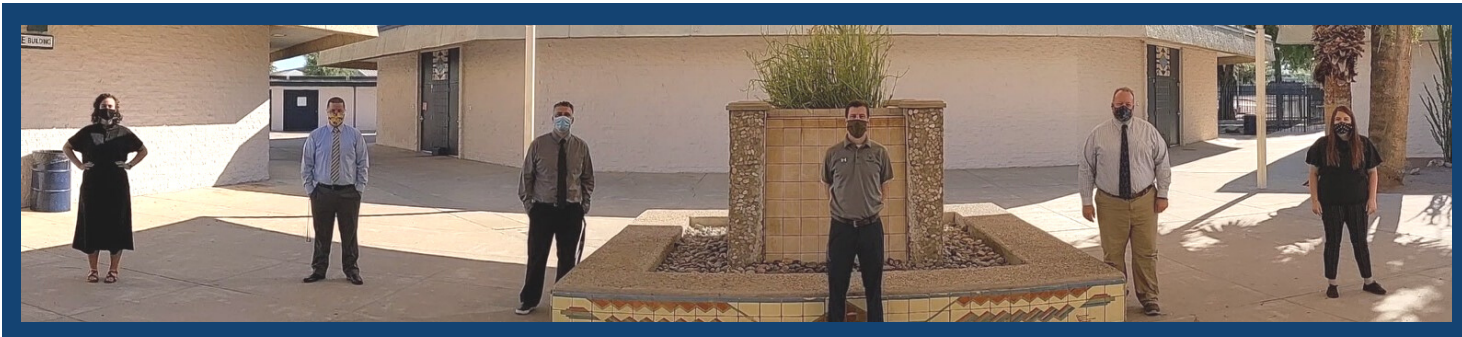

WHO'S THE MANN?

JEFF MANN IS A TOP 10 TEACHER IN ARIZONA

Congratulations to Jeff Mann, world history teacher at Flowing Wells High School, for being selected by the Arizona Educational Foundation as a Top 10 Teacher of the Year in Arizona! Jeff will move on for consideration for the Top 5 *Ambassadors of Excellence*, and the Arizona Teacher of the Year. We are extremely proud of Jeff and fortunate that he chooses to teach in Flowing Wells. Let's face it - Even a global pandemic can't stop Mr. Mann from being awesome!

FIRST DAYS OF REMOTE LEARNING 20-21

BENEFIT ME

FLU SHOTS ARE COMING!

The district is looking to schedule a flu shot event in the Governing Board room in September and trying to figure an approximate number of employees who may want to participate. We are anticipating an increase in the number of people who may be interested, and want to be sure we schedule enough time to accommodate anyone who would like a flu shot.

If you are interested and planning to get a flu shot at the district event, please email Elaine Kimbler by Wednesday, August 19th.
