LOCKDOWN DRILLS SUCCESSFUL

Final lockdown drills for the school year were completed successfully this week. Thank you to all school leaders, teachers, and staff for your careful planning and hard work teaching the new emergency procedures this school year, and answering the many questions that followed. This is an extremely difficult topic, yet all of our principals, teachers, and staff approached the task thoughtfully and worked as a team to ensure that our students learned what to do in an emergency. Based on your feedback and suggestions, we will continue to refine the emergency plan, and will continue our efforts next school year. If you have suggestions, please talk to your site principal or email Dr. Kim Parkinson.
