CHANGING PASSWORD REQUIREMENTS

To meet changes to Arizona State requirements, the technology team will be implementing a new computer password policy over Spring Break. When you go to log into your computer, you will log in with your old password and then be prompted to enter a new one. The requirements are a minimum of 10 characters and 2 of the 4 of the following: an upper case letter, a lower case letter, a number or a special character. Once you create your new password, you will use this new password to log into your computer going forward. It is always recommended to use a passphrase as your password, something that is memorable to you like "MyDogIsTheBest!!!" After Spring Break if you have difficulties creating your new password when prompted, please notify your school's computer technician or another member of the technology team for support.

WE ARE HIRING TEACHERS & ROUNDING UP KINDERS!

We are currently hiring certified positions for the 22-23 school year! If you know anyone who would be a great fit to teach in our district, tell them to apply today through the Flowing Wells website. Also, we are getting ready for Kinder Round Up events in early March at each of our elementary schools and we are accepting open enrollment students at all grade levels for next school year. Please help us spread the word that the Flowing Wells School District is an exceptional place to teach and learn!
