

THE FW INSIDER

22-23 FW COMPENSATION DETAILS COMING SOON

Details regarding the 22-23 Flowing Wells compensation package will be shared with all employees in early summer. The State Legislature is still in session and has yet to finalize a budget. Once the state budget is decided, Flowing Wells District Administration will take a proposed compensation plan to the FW Governing Board for approval. Following approval, the details of the plan will be shared via email with all Flowing Wells employees. Then, employees will receive details about their individual compensation in regular mail. All certified staff members will receive a "cover sheet" document and support staff members will receive a copy of an updated SPAR.

WHY WE DO WHAT WE DO!

 Congratulations to our

Monday, July 25th: First Day of New Teacher Induction
Monday, August 1st: All Teachers Report Back
Wednesday, August 3rd: Back to School District Assembly
Thursday, August 4th: First Day of School

THANK YOU, FLOWING WELLS!

A heartfelt THANK YOU to everyone who worked so hard for our students during this extremely challenging school year. We anticipated this year to be difficult with students transitioning back to full time, in person learning. Everyone was tested by the demands associated with meeting the learning and social and emotional needs of our students, increased absences due to the Omicron surge and the shortage of substitute teachers. Yet every employee in our system pulled together and worked extremely hard, often covering unexpected duties and responsibilities without complaint. Your work this year is recognized and truly appreciated. This year is a demonstration of what **We Are Flowing Wells** means. Thank you.
